

Donan Consulting LLC

Hire IT Talent with Confidence

Who We Are

Donan Consulting LLC is an Economically Disadvantaged Women-Owned Small Business (EDWOSB).

We have 21 years of experience in IT and IT project management. Our competency areas include IT Portfolio/Program/Project Management, Digital Transformation, Agile Transformation, Agile Tools Implementation, Big Data Management, Business Intelligence Reporting, and Full-stack Development.

Why Choose Donan Consulting for IT Staffing

We Have a Unique Continuous Sourcing & Recruitment Process
with key differentiators that set us apart from our competitors

We Conduct Technical Interview for You
Most staffing agencies rely on hiring managers to conduct their own technical interviews for proposed candidates. At Donan, we leverage the Tech Leads from our Consulting practice to conduct rigorous technical interviews and only send you candidates that we can back

With Donan, You Hire IT Talent with Confidence
We only send you candidates that pass our Panel Interview Session, Technical Lab Sessions, & Comprehensive Background Check

We Conduct Tool Configuration Sessions with Prospective Candidates Using Various Sandbox Environments

We ask prospective candidates to configure various applications such as Salesforce, ServiceNow, Jira, Confluence, GitHub, Jenkins, Azure Cloud, Amazon Web Services (AWS), Power BI, etc., to confirm their level of expertise.

We Provide Ongoing SME Oversight
Experts from our Consulting practice serve as coaches to resources we place on your project.

We Have Invested in Live Coding Interview Platforms
We use tools such as Coderpad, CoderBytes, and HackerRank to conduct live coding interviews for prospective candidates. Our coding interview sessions are led by Donan Tech Leads who serves as proctors and can assess the competency level of the candidates

We are affordable
Compared to our competitors, our rates and fees are much lower
